

## V2 Faceting Machine

## The finest faceting machine in the World

The Ultra Tec Faceting Machine lets <u>you</u> create beautiful gemstones -- of true perfection. In Ultra Tec faceting, there's no mystery and no fancy mathematics -- but there is the magic of bringing forth the beauty hidden in rough gem material. As you facet one of the hundreds of published designs, or a unique design of your own, Ultra Tec lets you do the job easily, and do it right -- resulting in gems of maximum value -- cut properly, with maximum material yield.

Each Ultra Tec machine is tested completely, and delivered with its individual test report -- and, it comes with a **LIFETIME WARRANTY**. We stand behind the assured quality of our equipment. Don't you deserve the Best?
